PRODUCT DESCRIPTION

- Need a stronger docking station that turns your USB-C laptop into a full desktop workstation? This 14-in-1 USB-C Hub gives you display, internet, charging, storage, audio, wireless charging, and data transfer in one compact device.
- Supports 4K HDMI output up to 3840 × 2160 @ 30Hz, giving clear display output for monitors, TVs, projectors, presentations, and office setups.
- VGA output supports 1080p display and can work together with HDMI for wider presentation and display flexibility.
- Built-in RJ45 Ethernet supports 10M / 100M / 1000M network connection, giving more stable internet than WiFi for office work, meetings, and downloads.
- USB 3.0 ports support fast transfer up to 5Gbps, making it useful for flash drives, external storage, mouse, keyboard, and other USB devices.
- 100W USB-C Power Delivery support allows charging while using the hub, reducing cable mess and improving productivity.
- Built-in wireless charging supports 10W / 7.5W / 5W, making it convenient for compatible phones and accessories.
- SD and TF card reader support helps photographers, students, content creators, and office users move files easily.
- ⚠ Compatibility depends on your device's USB-C port. Video output and charging require USB-C support for display and power delivery.
- ☑ Advantage: 14 ports + HDMI + VGA + Gigabit Ethernet + 100W PD + wireless charging = complete laptop expansion tool for serious users.

☑ Best For

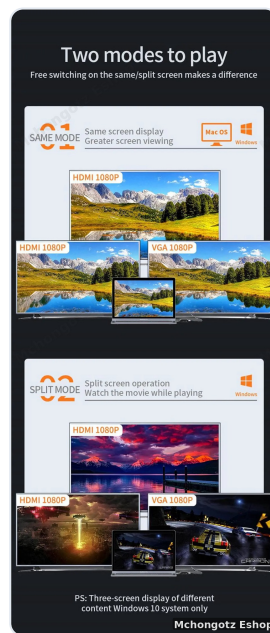

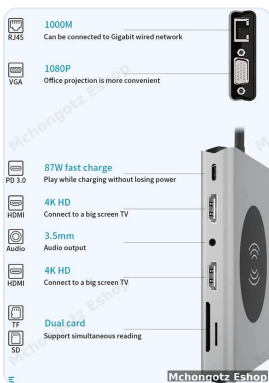

- ☑ Office & Business Users
- ☑☑ Developers / Programmers
- ☑ Students / Wanachuo
- ☑ Content Creators
- ☑ Presentations & Meetings
- ☑ Home Office Setup
- ☑ Laptop Expansion
