- ▢ Useful for CCTV network installation
- ▢ Cat6 Ethernet network support
- ▢ Mchongo huu si wa kukosa
- ▢ Technician-friendly accessory
- ▢ Screw-in installation
- ▢ Clean professional wall finish

PRODUCT DESCRIPTION

- Need a clean and professional way to finish network cable points on the wall? This 2 Port Double Ethernet Faceplate is designed for neat RJ45 LAN cable installation in homes, offices, shops, schools, computer labs, CCTV rooms, and server/network setups.
- Comes with 2 RJ45 network ports, allowing two Ethernet connections from one wall plate.
- Suitable for Cat6 network cable installations and compatible Ethernet network setups.
- White 8.5 × 8.5cm design gives a clean finish that matches most office and home walls.
- Screw-in installation makes it firm and practical for permanent wall network points.
- Good for connecting routers, switches, desktop PCs, printers, access points, CCTV NVRs, smart TVs, servers, and other network devices.
- Useful for technicians, network installers, CCTV installers, IT support teams, office setup teams, and home internet installation.
- ▢ Mchongo huu si wa kukosa
- ⚠ Important: Proper installation requires correct network cabling, keystone/module connection, crimping or punching tool depending on the setup, and cable testing after installation.
- ⚠ Network speed and stability depend on cable quality, connector quality, proper wiring, and correct installation.
- ▢ Advantage: 2-port RJ45 design + Cat6 support + clean wall finish = professional Ethernet network point for office, home, CCTV, and LAN installations.

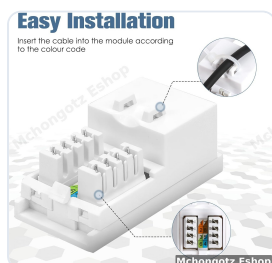

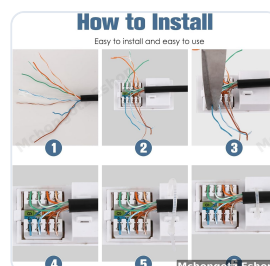

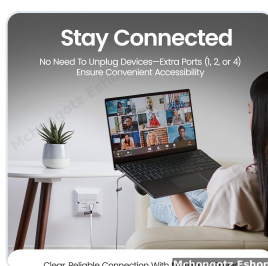

- ▢ Best For
- ▢ Office LAN Setup
 - ▢ Home Internet Setup
 - ▢ CCTV Network Installation
 - ▢ Desktop & Printer Network Points
 - ▢ School / Computer Lab Setup
 - ▢ Business Network Cabling
 - ▢ IT Technicians
 - ▢ Router, Switch & Access Point Cabling
