## PRODUCT DESCRIPTION

- Got an internal hard drive but no way to use it externally? This enclosure turns it into a portable storage device.
- Supports 3.5-inch desktop hard drives, making it easy to reuse old HDDs for storage or backup.
- Connects via USB for simple plug-and-play use with computers and laptops.
- Ideal for backing up files, transferring data, or expanding storage without buying a new drive.
- Durable casing protects your hard drive while in use.
- Requires external power and is not as portable as smaller 2.5-inch enclosures.

## ☐ Best For

- Converting internal HDDs to external storage
- Backup, file transfer, and storage expansion
