PRODUCT DESCRIPTION

- Need a clean, powerful office setup without bulky CPU boxes and messy cables? The Dell OptiPlex 7090 Ultra gives you a modern space-saving business workstation.
- Powered by Intel Core i5 11th Generation processor, it delivers reliable performance for office work, business applications, admin tasks, browsing, meetings, and daily productivity.
- 16GB RAM gives you smooth multitasking power, making it ideal for users who work with multiple tabs, documents, software, and office tools at the same time.
- 256GB SSD ensures fast startup, quick file access, and responsive performance for daily business use.
- Comes with Dell U2422HE 24-inch Full HD USB-C Hub Monitor, giving you a clean professional display and better desk organization.
- Ultra compact design keeps the PC hidden and integrated with the monitor setup — perfect for offices, reception desks, and executive workspaces.
- Full wireless Dell keyboard and mouse included, giving you a clean ready-to-work setup.
- ⚠ Not designed for gaming or heavy graphics work — best for office, business, admin, productivity, and professional use.
- 📦 Advantage: OptiPlex Ultra design + 24" USB-C Hub monitor + wireless accessories = premium clean office setup with strong productivity power.

📦 Best For

- 🏢 Offices & Businesses
- 🏠 Reception & Front Desk
- 🏢 Admin & Office Work
- 🏢 Professional Productivity
- 🏠 Clean Home Office Setup
- 🏢 Business Users
