PRODUCT DESCRIPTION

- Need a large-screen laptop that handles daily work comfortably without slowing down? The Dell Pro DC16250 gives you performance and space to work efficiently.
- Powered by Intel Core i5 13th Generation processor, it delivers smooth and stable performance for office work, multitasking, and everyday productivity.
- 8GB RAM and fast 512GB SSD ensure quick startup, responsive performance, and reliable storage for your files and applications.
- Large 16-inch display provides more workspace, making it perfect for multitasking, documents, and long working hours.
- Clean and professional design suitable for business, office, and personal use.
- Built for durability and consistent everyday performance.
- Ideal for users who want a bigger screen without going into expensive high-end machines.
- ⚠ Comes with DOS (no Windows installed) — OS installation required before use.
- 📁 Advantage: Core i5 performance + large display = comfortable and reliable daily work laptop.

📁 Best For

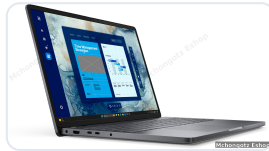

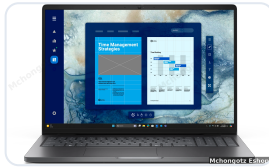

- 📁 Office Work & Business Use
- 📁 Productivity & Multitasking
- 📁 University Students
- 📁 Home Office Setup
- 📁 Large Screen Work
