PRODUCT DESCRIPTION

- Need an affordable desktop that delivers solid performance for everyday work? The Dell Tower ECTI250 gives you modern power at a budget-friendly price.
- Powered by Intel Core i3 14th Generation processor, it handles office work, browsing, and basic multitasking smoothly.
- 8GB RAM and fast 512GB SSD ensure quick startup and reliable daily performance.
- CPU only (no monitor included) — gives you flexibility to connect your own screen or upgrade to a larger display.
- Built-in WiFi allows easy internet connection without extra setup.
- Ideal for offices, shops, and home users looking for a stable and cost-effective desktop.
- Strong Dell build ensures durability and long-term use.
- ⚠ Not designed for heavy tasks like advanced editing or gaming.
- ✅ Advantage: Modern i3 performance + flexible setup = affordable and practical desktop solution.

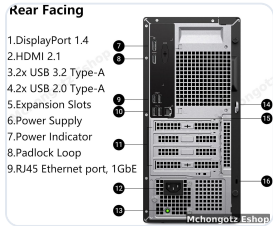

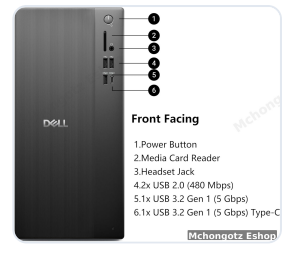

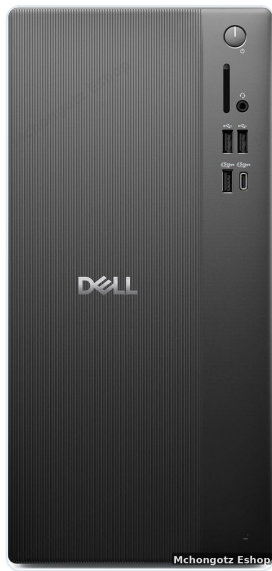

Best For

- Office Work
- Shops & POS Systems
- Basic Admin Tasks
- Home Use
- Students
