PRODUCT DESCRIPTION

- Have an old laptop hard drive or SSD that is no longer being used? Turn it into portable external storage in minutes.
 - This JEMBE 2.5-inch SATA External Enclosure allows you to convert a compatible HDD or SSD into an external USB drive for backups, file transfers, and extra storage.
 - USB 2.0 connectivity offers reliable performance for everyday data access and storage needs.
 - Easy to install and suitable for users who need a simple way to reuse old laptop drives.
 - Compact and lightweight design makes it easy to carry your files wherever you go.
 - Best suited for everyday storage and backup. USB 2.0 transfer speeds are slower than USB 3.0 models.
- Best For
- Converting laptop HDDs or SSDs into external drives
 - File backup and storage
 - Data transfer between computers
 - Reusing old laptop drives
 - Home, office, and technician use
- # Technical Specifications
