## PRODUCT DESCRIPTION

- Tired of buying disposable AAA batteries again and again for remotes, toys, cameras, flashlights, controllers, and other small electronics? These GMCELL AAA rechargeable lithium batteries give you a reusable power solution for daily devices.
- Each battery provides stable 1.5V output with 750mAh capacity, making them suitable for many AAA-powered consumer electronics.
- Supports fast rechargeable use with direct USB-C charging and wireless charging support on compatible charging setups.
- Lithium-ion battery cell design gives better reusability compared to normal single-use batteries.
- Designed for long-term use, with manufacturer-rated support for up to 1,500+ recharge cycles and up to 10 years of usable life with proper care.
- Smart safety design helps support protection against overcharging, short circuit, and temperature issues when used with compatible charging equipment.
- Pack includes 2 AAA rechargeable batteries, useful for remotes, computer accessories, small gadgets, toys, flashlights, and household electronics.
- ⚠ Important: Charging speed depends on the charging method, charger quality, cable, power source, and battery condition.
- 📦 Advantage: rechargeable AAA lithium batteries + USB-C charging support + 1.5V stable output = cost-saving and eco-friendly battery option for everyday devices.
