PRODUCT DESCRIPTION

- Need a professional laptop for demanding work, design, engineering, or graphics applications?
- The HP ZBook Studio G5 combines an 8th Gen Intel Core i7 processor, 16GB RAM, 256GB SSD, and dedicated NVIDIA 4GB graphics for professional productivity and graphics-focused workloads.
- Its 15.6-inch display provides a comfortable workspace for applications, documents, designs, and multimedia.
- 16GB RAM supports smooth multitasking, while the SSD provides faster system startup and application loading.
- Dedicated NVIDIA graphics make it a stronger choice for compatible CAD, engineering, design, and other graphics applications than laptops using only integrated graphics.
- Refurbished condition offers a more affordable option for users looking for a professional mobile workstation.
- Best suited for professional and graphics workloads rather than the latest high-end gaming.

📦 Best For

- Engineering and CAD applications
- Graphic and creative work
- Programming and professional software
- Business and office productivity
- Students in technical fields
