PRODUCT DESCRIPTION

- Need a professional laptop that can handle demanding work without sacrificing portability?
- The Lenovo ThinkPad P14s Gen 2i combines an 11th Gen Intel Core i5 processor, 16GB RAM, 256GB SSD, and dedicated NVIDIA T500 4GB graphics for smooth professional productivity and graphics-focused tasks.
- The 14-inch display provides a practical balance between workspace and portability, while the ThinkPad design is built for professional use.
- With up to 9 hours of battery life, it is suitable for working, studying, meetings, and travelling throughout the day.
- The dedicated NVIDIA T500 graphics make it a stronger choice than standard integrated-graphics laptops for compatible design, engineering, and graphics applications.
- Refurbished condition offers a more affordable way to get a professional ThinkPad workstation-class laptop.

- 📁 Best For
- Engineering and technical applications
 - Graphic design and creative work
 - Programming and software development
 - Business and office productivity
 - University students and professionals
