## PRODUCT DESCRIPTION

- Need a flexible Micro HDMI cable for connecting your camera, tablet, game console, or supported device to a TV, monitor, or projector? This Micro HDMI to HDMI Coiled Cable gives you clean audio and video output without carrying a long messy cable.
- Supports 4K Ultra HD resolution up to 60Hz, making it suitable for sharp video display on compatible monitors, TVs, and projectors.
- Coiled spiral design stretches from 0.5M to 2.4M, giving flexibility when needed and compact storage when not in use.
- Designed for audio and video signal synchronization, allowing compatible devices to send both picture and sound to HDMI displays.
- Built with TPU outer skin, copper core, and gold-plated connector ports for better durability, wear resistance, and stable connection performance.
- Plug-and-play design makes it easy to use with supported devices without complicated setup.
- Suitable for cameras, tablets, game consoles, monitors, HDTVs, projectors, and other devices with Micro HDMI output.
- Compact and easy to carry in a pocket, camera bag, or laptop bag.
- ⚠ Important: This cable is Micro HDMI to HDMI, not Mini HDMI. Confirm your device port before buying.
- ✅ Advantage: 4K 60Hz support + stretchable 0.5M-2.4M spiral design + durable build = practical cable for camera, monitor, and display setups.

## Best For

- Camera Users
- Videographers
- Game Console Users
- TV Display Connection
- External Monitor Setup
- Projector Presentations
- Content Creators
- Portable Display Setups
