- 🧳 Good for travel and daily use

PRODUCT DESCRIPTION

- Want premium earphones that do not block your ears but still give good sound, comfort, and awareness? The Oraimo OpenArc OPN-675 is built for users who want open-ear listening for calls, music, workouts, travel, office use, and daily movement.
 - Open-ear design keeps your ear canal free, allowing you to enjoy music while staying aware of your surroundings.
 - Bluetooth 5.4 gives stable wireless connection for compatible phones, tablets, laptops, and other Bluetooth-supported devices.
 - Up to 8 hours playtime from the earphones, with an additional 28 hours from the charging case, gives up to 36 hours total battery support.
 - Enhanced Bass Boost with HavyBass™ support improves bass performance while still keeping the open-ear listening style.
 - 4-mic environmental noise cancellation helps improve voice clarity during calls, especially in outdoor and busy environments.
 - Lightweight ear-hook design gives a secure and comfortable fit for long use without ear pressure.
 - Personalized lighting effect adds a stylish modern look and can be adjusted through the oraimo Sound app.
 - Dual-device connection allows smoother switching between two compatible devices, such as a phone and laptop.
 - Low-latency game mode helps improve audio and video sync for casual gaming and video watching.
 - Type-C charging makes recharging the case simple and convenient.
 - 🌍 Mchongo huu si wa kukosa
 - ⚠ Important: Open-ear earphones are designed for comfort and awareness. They do not isolate noise like in-ear ANC earbuds.
 - ⚠ Bass and volume may feel different from deep in-ear earbuds because the ear canal remains open.
 - 📦 Advantage: Open-ear comfort + 36 hours total playtime + HD voice calls + bass boost + stylish lighting = strong premium earphones for comfort, work, travel, and active daily use.
- 📦 Best For
- 🎧 Music Listening
 - 📞 Calls & Online Meetings
 - 🎓 Students / Wanachuo
 - 🏢 Office & Study Use
 - 🧳 Travel & Daily Movement
 - 🏋 Gym, Walking & Outdoor Use
 - 🎮 Casual Gaming Audio
 - 📱 Phone & Tablet Users
 - 💻 Laptop Users

- ☐ Users Who Want Open-Ear Comfort
- ☐ Users Who Want Awareness While Listening
