PRODUCT DESCRIPTION

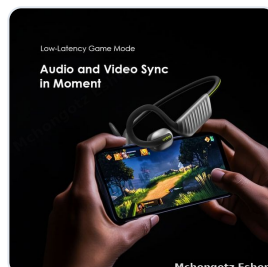

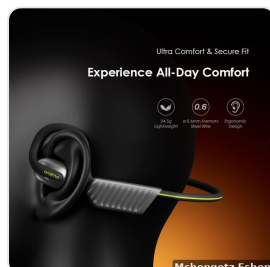

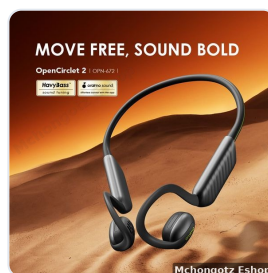

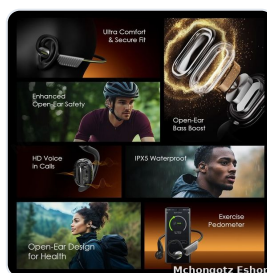

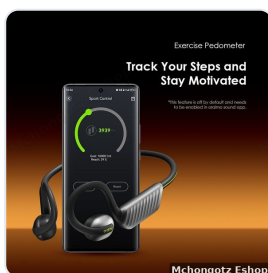

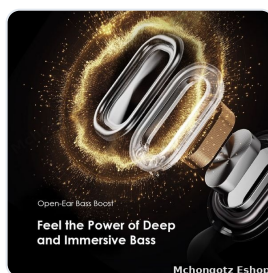

- Want open-ear headphones for workouts, walking, calls, music, and daily movement without blocking your ears? The Oraimo OpenCirclet 2 OPN-672 is built for comfort, awareness, and active everyday use.
- Open-ear design keeps your ear canal free, allowing you to listen to music while staying aware of people, traffic, and your surroundings.
- Bluetooth 5.4 gives stable wireless connection for compatible smartphones, tablets, laptops, and other Bluetooth-supported devices.
- Up to 16 hours playtime gives strong battery support for long listening sessions, workouts, study, work, and travel.
- Open-Ear Bass Boost with 18 × 11mm dynamic driver gives stronger bass and clear sound while maintaining an open-ear listening style.
- Exercise pedometer tracks steps in real time through the oraimo Sound app, making it useful for walking, running, and fitness activities.
- HD voice calls with noise-canceling microphones help improve voice clarity during calls and online meetings.
- IPX5 waterproof support makes it suitable for sweat, workouts, running, cycling, walking, and light rain conditions.
- Dual-device connection allows smoother switching between two compatible Bluetooth devices.
- Low-latency game mode helps improve audio and video sync for casual gaming and video watching.
- Google pop-up fast pairing is supported on compatible Android devices with Google Play services.
- Mchongo huu si wa kukosa
- ⚠ Important: Open-ear headphones are designed for comfort and awareness. They do not isolate noise like in-ear ANC earbuds.
- ⚠ IPX5 helps against sweat and water splashes, but the headphones should not be dipped or washed in water.
- □ Advantage: Open-ear comfort + 16 hours playtime + IPX5 waterproofing + exercise pedometer + HD calls = strong headphones for workouts, walking, calls, and daily use.
- □ Best For
 - □ Gym, Running & Walking
 - □ Cycling & Outdoor Activities
 - □ Music Listening
 - □ Calls & Online Meetings
 - □ Students / Wanachuo
 - □ Office & Study Use
 - □ Travel & Daily Movement
 - □ Phone & Tablet Users
 - □ Laptop Users

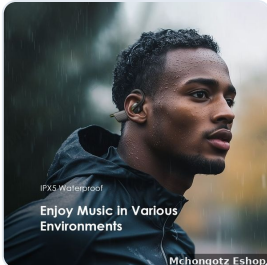

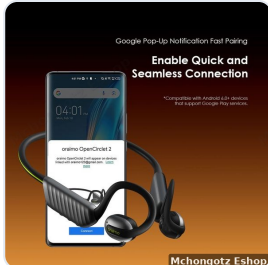

- ☐ Users Who Want Open-Ear Comfort
- ☐ Users Who Want Awareness While Listening
