PRODUCT DESCRIPTION

- Need an affordable smartwatch with a big display, calling support, sports modes, and long battery life? The Oraimo Watch 5 Lite OSW-804 is built for everyday users who want fitness tracking, smart notifications, calls, and daily convenience.
- 2.01-inch TFT display gives a large and clear viewing area for time, calls, messages, fitness stats, watch faces, and daily tools.
- Wireless HD calling allows you to make and receive calls directly from your wrist when connected to a compatible smartphone.
- Up to 7 days normal usage time helps reduce frequent charging, while standby time can go beyond 28 days depending on usage.
- 300mAh lithium polymer battery provides reliable power for daily smartwatch use.
- 105+ sports modes support activities such as walking, running, cycling, workouts, dancing, and other fitness routines.
- Health monitoring features include heart rate, blood oxygen, stress, sleep, and women's health tracking through supported settings.
- IP68 dust and water resistance helps protect the watch against dust, sweat, splashes, and normal daily use conditions.
- AI-generated watch faces and 120+ dials through the oraimo Health app allow you to personalize the watch to match your style.
- Useful tools include remote camera, alarm clock, stopwatch, timer, calculator, flashlight, find my phone, and music control.
- Mchongo huu si wa kukosa
- ⚠ Important: Health and fitness data are for daily reference only and should not be used as medical results.
- ⚠ IP68 protection helps with dust, sweat, and splashes, but the watch should not be used for hot water, deep diving, or high-pressure water activities.
- Advantage: 2.01-inch display + HD calls + 7-day battery + 105+ sports modes + IP68 protection = strong value smartwatch for daily use.
