PRODUCT DESCRIPTION

- Need a premium-looking smartwatch with an AMOLED display, wrist calling, health tracking, sports modes, and strong battery life? The Oraimo Watch 5R OSW-820 is built for users who want style, smart features, and daily convenience.
- 1.43-inch AMOLED display with 466 × 466 resolution gives sharp visuals, rich colors, and a more premium screen experience compared to basic TFT smartwatches.
- Wireless HD calling allows you to make and receive calls directly from your wrist when connected to a compatible smartphone.
- Up to 10 days usage time gives reliable battery support for work, fitness, travel, and everyday smartwatch use.
- 300mAh lithium polymer battery provides dependable daily power, while standby time can reach up to 32 days depending on usage.
- 24-hour health monitoring supports heart rate, sleep, blood oxygen, stress, women's health tracking, and breathing exercises through supported settings.
- 100+ sports modes help track running, walking, workouts, yoga, cycling, and other fitness activities.
- IP68 waterproof support helps protect the watch against sweat, dust, splashes, and normal daily use conditions.
- AI-generated watch faces and 120+ watch face options through the oraimo Health app allow you to customize the watch to match your style.
- Lightweight and stylish body makes it suitable for office, school, business, fitness, and casual daily wear.
- Mchongo huu si wa kukosa
- ⚠ Important: Health and fitness readings are for daily reference only and should not be used as medical results.
- ⚠ IP68 protection helps with sweat, dust, splashes, and light water exposure, but the watch should not be used for hot water, diving, or high-pressure water activities.
- Advantage: AMOLED display + HD calling + 10-day battery + 100+ sports modes + 24-hour health monitoring = strong value smartwatch for style and daily use.
- Best For
 - Daily Smartwatch Use
 - Wrist Calling
 - Fitness & Sports Tracking
 - Walking, Running & Cycling
 - Students / Wanachuo
 - Office & Business Use
 - Phone Notifications
 - Basic Health Monitoring
 - Users Who Like Custom Watch Faces

- ☐ Travel & Daily Movement
- ☐ Users Who Want AMOLED Display
