- ▢ Useful for CCTV installers
- ▢ RJ45 rubber boot caps
- ▢ Mchongo huu si wa kukosa
- ▢ Technician-friendly accessory
- ▢ Helps protect RJ45 connector clips
- ▢ Clean professional cable finish

PRODUCT DESCRIPTION

- Need a cleaner and more professional finish for LAN cables? These RJ45 Rubber Boots are used to cover and protect RJ45 Ethernet plugs after crimping, giving your network cables a neat and durable look.
- Suitable for Cat5e and Cat6 Ethernet network cables used in offices, CCTV installations, home internet setups, computer shops, server rooms, and networking projects.
- The rubber boot helps protect the RJ45 plug clip from bending or breaking easily, especially when cables are moved, packed, pulled, or used frequently.
- Comes as a 1000-piece pack, making it ideal for technicians, network installers, CCTV installers, IT teams, wholesalers, and shops handling many cable jobs.
- Available in White and Grey options, giving a clean professional look for patch cables, office LAN cables, router cables, switch cables, and CCTV network wiring.
- Works with RJ45 Ethernet plugs for Cat5e and Cat6 cables, depending on cable size and connector design.
- Also available in a 100-piece option for clients who do not need the full 1000-piece pack. Contact us for the 100pcs price.
- ▢ Mchongo huu si wa kukosa
- ⚠ Important: These are rubber boot caps only. RJ45 connectors and cables are sold separately unless stated otherwise.
- ⚠ For best results, insert the rubber boot onto the cable before crimping the RJ45 connector.
- ▢ Advantage: 1000pcs quantity + Cat5e/Cat6 support + white and grey options = perfect stock for network technicians and cable installers.
- ▢ Best For
 - ▢ IT Technicians
 - ▢ Network Cable Installation
 - ▢ CCTV Installers
 - ▢ Office LAN Setup
 - ▢ Home Internet Setup
 - ▢ Server Room Cabling
 - ▢ Computer Repair Shops
 - ▢ Wholesale Networking Accessories
