☑ Windows / macOS / Linux Compatible

☑ OTG Data Support

☑ Dual USB-C Female Output

☑ Plug & Play Design

☑ Type-C Hub Splitter

☑ Good Heat Dissipation

☑ Smart Chip Design

PRODUCT DESCRIPTION

- Need to split one USB-C port for charging and data use? This Type-C 3-in-1 Hub Splitter Cable helps expand your USB-C connection for compatible devices, charging, OTG accessories, U-Disk, card readers, and other Type-C supported peripherals.
- Designed with USB-C male to dual USB-C female connection, making it useful for users who need extra Type-C access from one port.
- Supports OTG function for compatible devices, allowing connection to external U-Disk, card reader, and supported Type-C accessories.
- Built-in smart chip helps improve stable connection and device recognition during use.
- Supports high-speed data transmission up to 480Mbps for normal file transfer and accessory connection.
- Supports PD charging on compatible devices. Product label indicates PD 60W support, while the description mentions PD3.0 support with higher output depending on device compatibility.
- Aluminum alloy and PVC material provide better durability and heat dissipation compared to basic plastic adapters.
- Plug-and-play design works with supported Windows, macOS, and Linux devices without complicated setup.
- ⚠ Important: Full charging speed and data function depend on your device, charger, cable, and USB-C port support.
- ☑ Advantage: USB-C splitting + OTG support + smart chip + PD charging support = practical Type-C adapter for modern devices.

☑ Best For

- ☑ USB-C Laptop Users
- ☑ Type-C Smartphone Users
- ☑ Students / Wanachuo
- ☑ Office Users
- ☑ U-Disk & Card Reader Use
- ☑ Type-C Port Expansion
- ☑ Home Office Setup
- ☑ Computer Technicians

ADDITIONAL SPECIFICATIONS

- Product Type: Type-C Hub / Splitter Cable
- Main Connector: USB-C Male
- Output Connector: Dual USB-C Female
- Function: Data, OTG and Charging Support
- OTG Support: Yes, on Compatible Devices
- Data Transfer Speed: Up to 480Mbps
- Charging Support: PD Charging Support
- PD Protocol: PD3.0 Supported
- Listed Charging Rating: PD 60W Support
- Maximum Output Note: Higher PD Output Depends on Device, Charger and Cable Compatibility
- Built-in Chip: Smart Chip for Stable Recognition

- Material: Aluminum Alloy + PVC
- Special Features: Plug & Play, Hot Plugging, Heat Dissipation and Durable Build
- Compatible Systems: Windows / macOS / Linux
- Compatible Accessories: U-Disk, Card Reader and Supported Type-C Peripherals
- Usage Type: Type-C Expansion, Data Transfer, OTG Connection and Charging
- Best Use: Expanding One USB-C Port for Charging and External Type-C Accessories
