PRODUCT DESCRIPTION

- Not sure which adapter voltage your device needs? This adjustable power supply gives you flexibility in one device.
- Easily adjust output voltage using a front dial to match different electronics safely.
- Comes with multiple interchangeable DC tips to fit a wide range of devices.
- Digital display shows real-time voltage for accurate and safe usage.
- Perfect for powering routers, CCTV cameras, LED strips, and other low-voltage devices.
- Must set correct voltage before use to avoid damaging your device.

☐ Best For

- Technicians and electronics users
- Powering multiple low-voltage devices with one adapter

Technical Specifications
