PRODUCT DESCRIPTION

- Want to connect Bluetooth devices but your computer doesn't support it? This USB adapter instantly adds wireless capability.
- Easily connect wireless mouse, keyboard, speakers, headphones, and more without cables.
- Simple plug-and-play setup makes it perfect for everyday users without technical skills.
- Compact design allows you to leave it plugged in without blocking other ports.
- Note: Range and performance may vary depending on environment and device compatibility.

☐ Best For

- Desktop computers without built-in Bluetooth
- Connecting wireless accessories like mouse, keyboard, and speakers
