USB-C to HDMI Cable

4K UHD Display Support

1.8M Flexible Length

PRODUCT DESCRIPTION

- Need to connect your USB-C laptop, phone, or tablet to a TV, monitor, or projector? This USB-C to HDMI Cable makes it easy to display your screen on a bigger display for work, movies, presentations, and entertainment.
- The 1.8M length gives you enough flexibility for desk setups, office presentations, home entertainment, and meeting rooms.
- Supports 4K UHD external video output on compatible USB-C devices, giving clear picture quality for monitors, TVs, and projectors.
- USB-C male to HDMI connection allows direct display connection without needing a separate HDMI adapter.
- Suitable for USB-C laptops, supported smartphones, MacBook, Chromebook Pixel, Asus Zen AiO, PCs, and other Type-C devices with video output support.
- Black cable design gives it a clean and professional look for office, school, and home use.
- Perfect for extending or mirroring your screen during presentations, online classes, movies, and productivity work.
- ⚠ Important: Your USB-C device must support video output / DisplayPort Alt Mode. Some phones and laptops with USB-C charging only may not support HDMI display.
- ☑ Advantage: USB-C to HDMI direct connection + 1.8M length + 4K support = simple display solution for work and entertainment.

☑ Best For

- ☑ Office Presentations
- ☑ Students & Teachers
- ☑ External Monitor Setup
- ☑ TV Connection
- ☑ Projector Display
- ☑ Home Entertainment
- ☑ Laptop Users
