## PRODUCT DESCRIPTION

- Laptop or PC missing VGA port but need to connect to a projector or monitor? This adapter solves it easily.
- Converts USB port to VGA output, allowing connection to external displays.
- Ideal for adding a second monitor or extending your desktop workspace.
- Supports clear display output for presentations, office work, and multitasking.
- Plug-and-play with driver support for most systems.
- Performance depends on system capability and may require driver installation.

□ Best For

- Office users needing extra display
- Presentations and multi-monitor setup
